6. **PERMITTED FISHING METHODS.** All fish must be caught via hook and line. The selection of baits is up to the discretion of the participant. All fish must be caught from the kayak. No wade fishing or shore fishing is permitted unless the kayak is tethered to the angler. All rod holders with rods being fished must be on the kayak or the angler.
7. **NO MOTORS.** The use of a boat or motorized water vehicle to transport your boat on the water is prohibited. All craft must be self-propelled – no engines are allowed. Canoes and paddle vessels designed to be paddled (not powered by motor) are permitted.
8. **FISHING LOCATIONS.** Any inshore Jacksonville location is permitted, including locations in Duval, St. Johns, Nassau, Flagler, Camden, and Glynn counties. West/Inshore means you may fish creeks which would be considered inshore relative to the aforementioned landmarks (such as Simpson Creek etc). All fishing locations must be in waters accessible according to the law, USCG, and FWC regulations.
9. **OTHER.** During competition contestants may not obtain or receive assistance including but not limited to following a non-competitor's boat, the placing of markers by a non-competitor, being towed or riding motorized vessels, or receiving electronic, voice, or data communications from non-competitors.
10. **SCORING.** The event uses catch-photo-release scoring determined by the length of each fish, combined in the case of slam and individually for each class. Each angler will be issued a uniform measuring device and unique scoring marker/token at the Captain's Meeting. Measuring jigs

based on the 321Fish.Com measuring sticker or sticks are also allowed. The first photo on the camera must be of your rigged boat as put in at launch with measuring device and scoring marker visible. Fish must be photographed in or on the boat, on the provided measure, clearly showing the length of the fish with the scoring marker visible. More than one photo of a fish may be taken. Length is determined from the forward-most point of the fish to the natural un-pinched top of the tail. Fish must be above FWC minimums to count – reds may be above the slot limit. The maximum fish size is 45”, the length of the fish measuring stick. In the event of a tie the entry checked in earliest will be declared the winner. The judging committee will review the photos to verify reported results and determine place winners. The tournament director is responsible for the final call in all matters.

11. DIGITAL PHOTOGRAPHY. Participants may only use digital cameras for recording scoring fish. Entrants must bring the storage chip from their camera to check-in or bring the download cable for their camera so that pictures may be retrieved. Phones are not recommended. Cameras may be shared – in the event of camera sharing both entrants’ kayaks at launch must be initially on the roll, and each entrant will use a different unique scoring token as directed at the captains meeting, both in the launch picture and the fish scoring pictures. In the scoring fish pictures the appropriate entrant’s kayak must also be in the picture.
12. TANDEM/SHARING. It is permissible for more than one entrant to share the same paddle vessel. Each paddler must be a registered participant and is scored separately. Fish may NEVER be shared among entrants. If more than one person is in a tandem both must be registered anglers – use of an extra person strictly as a paddler/motor is forbidden.
13. PROTEST. All protests must be made in writing and delivered to a tournament official within 30 minutes of the check-in time. The tournament director is the final authority in all considerations.
14. RELEASE OF LIABILITY AND COVENANT NOT TO SUE. A waiver, release of liability, and covenant not to sue are part of the entry form. It is required that all contestants take responsibility for themselves while participating in event activities.
15. PHOTO RELEASE. Scoring photos remain the sole ownership of JaxKayakFishing LLC to be used at their discretion. Contestants grant JaxKayakFishing LLC and the sponsors the unconditional right to use their name, voice, photographic likeness and biographical information in connection with JaxKayakFishing LLC tournaments, production, promotion, and/or articles and press releases, and shall not be entitled to receive any royalties or other compensation in connection with such use.
